

Safety Board "Norheimsund Rib 1"

1. Every passenger has to sign "PASSENGER LIST".
2. SAFETY SUITS to be worn with belt and zippers closed at any time on board.
3. LIFEBELT integrated in SAFETY SUIT. Selfinflating. If not, pull red knob on right frontside.
4. SAFETY SUIT is insulating in air and water.
5. Be seated at speed - be free to move when idling.
6. If the going gets rough, stand up - flex your knees.
7. For any reason (photo, uncomfortable, ???), a hand in the air will make the cox slow down, sorting things out.
8. Look after each other - give a hand with zippers and hoods.
9. In case of ending up in the water: Keep together, give sign, put on hood, close suit.
10. Be alert - have fun.
11. Emergency number: **112 (Police)**
